## Beaumont Laboratory

Royal Oak • Troy • Grosse Pointe • Farmington Hills • Dearborn • Wayne • Trenton • Taylor

Good Afternoon,

The Department of Pathology and Laboratory Medicine, Beaumont Health, Royal Oak is proud to announce that the **3rd Beaumont Pathology Seminar** will be held on **September 7<sup>th</sup>, 2019**, at the Somerset Inn and Conference Center in Troy, MI. This conference will focus on providing pathologists and primary care clinicians knowledge, practice-based learning and evidence-based guidelines on the diagnosis, prognosis and treatment of genitourinary and ovarian lesions and tumors.

We would like to take this opportunity to invite you to participate as a corporate supporter and exhibitor. This one-day event offers significant opportunity for networking with pathology and primary care clinicians, leaders, and staff from many regional laboratories. As in past years, we would again like to showcase a variety of vendor products and services via our exhibit venue and would love to see your organization represented. The exhibit hall, located adjacent to the main lecture hall, will be open throughout the symposium and ample time is allotted in the program for attendees to visit and interact with company representatives.

The exhibit fee is \$1,250 for all organizations and includes:

- One six-foot table with skirting and shared electrical every 2 tables
- Exhibit hall open to attendees during breakfast, breaks, & lunch
- Registration for two representatives per table to attend conference sessions and meal functions
- Great networking opportunities throughout the conference

If you are interested in exhibiting on September 7<sup>th</sup>, please complete, sign, and return the attached **Exhibitor Application** and payment to Heidi Gorske (heidi.gorske@beaumont.org) by **August 24, 2019**. In addition, an **Exhibitor Information** document with helpful details is attached.

Exhibits are available on a “first come, first served” basis and will be confirmed upon receipt of the signed agreement and payment information. The full program brochure and other pertinent information will be available as it develops on our website at <https://www.beaumontlaboratory.com/pathology-seminar>.

Please do not hesitate to contact us with any questions. We look forward to seeing you at the conference!

Sincerely,

### Sam Slattery
