

PD-L1 22C3 Immunohistochemistry (Lab Only)**Effective Date: July 30, 2025**

PD-L1 testing by immunohistochemistry will be reported as an individual test result instead of an addendum to the Surgical Pathology or Cytopathology report. The PD-L1 report will appear as “PD-L1 Immunohistochemistry” in the Labs tab in Chart Review, and as “PD-L1 Immunohistochemistry” under the “Others” category in Results Review.
