Subject **Cold Weather Client Memo**

Dear Laboratory Client:

As you are aware extreme temperatures can affect the vitality of your specimens and with Michigan's extreme temperature differences, we ask that you do not place your Laboratory specimens in your lockbox until you are ready to leave for the day, furthermore we ask that if you require an earlier final pick-up time, please call our client service staff at 248- 551-1155.

Thank you for your cooperation.
