Introducing a New MLS Training Program with Beaumont Laboratory

Hello,

We are excited to announce the new **Beaumont School of Medical Laboratory Science 44-week clinical laboratory education program!** This program is tentatively scheduled to begin the **4th quarter of 2021** and is designed for **post-baccalaureate degree candidates**.

Applicants must be **highly motivated, self-directed learners** who will be able to commit to a rigorous 44-week, full-time program (Monday-Friday) consisting of a dedicated lecture series in the first half and clinical laboratory rotations in the second half of the program. Students who successfully complete the program are eligible to apply for the **Medical Laboratory Scientist** certification exam offered by the [American Society for Clinical Pathology Board of Certification](#) and seek employment in numerous clinical laboratory disciplines.

ACADEMIC REQUIREMENTS:

- U.S. equivalent of **B.S. degree in Microbiology, Biology, Chemistry or Biochemistry**
- **GPA of 2.8 or higher** – both overall and in degree-specific courses – to be verified by submitting official transcript(s) from universities attended
- Completion of the following baccalaureate-level courses within the last 7 years:
 - 16 credit hours in Chemistry including:
 - **BIOCHEMISTRY** and **ORGANIC CHEMISTRY** courses **with laboratory**
 - 16 credit hours in Biology including:
 - **GENERAL MICROBIOLOGY with laboratory**
 - **MATH** (intermediate algebra or higher)
 - **PHYSIOLOGY** and
 - **STATISTICS** (preferred)
- Additional skills: Microsoft Office – Word, PowerPoint, Excel – and Internet applications
- Permanent U.S. resident or authorization to work in the U.S.
- Good faculty and/or employer recommendations (three)
- Previous work experience (required)
- Meet the approval of the MLS Admission Committee to ensure GPA and university coursework meet both program admission and certification agency requirements. *Note: Exceptions to the above academic requirements may be permitted upon review of academic transcript and personal interview.*

ADMISSIONS:

- The 44-week School of Medical Laboratory Science will accept **16-20 students per year**.
- **Applications** will be accepted **May 1st through August 10th**
- **Interviews** will be conducted **June 1st through August 25th**
- Interviewed applicants will be notified of their admission status before **August 30th**.
- **Tuition is \$5,000** and will be due one week prior to the program start date.
 - Tuition will be waived for current Beaumont employees.

As further details are finalized for the program, the information will be posted to the following **Beaumont Laboratory** website: <https://beaumontlaboratory.com/medical-laboratory-science-program> . If you are interested in this opportunity, please visit the website above to download the 44-week program **Student Application, Recommendation Form, and Essential Functions/Technical Standards** documents. Return the completed forms, along with official transcript(s), to **Heidi Gorske** at Heidi.Gorske@beaumont.org. We will follow-up promptly to schedule an on-site interview upon review and approval of all requested documents.

Sincerely,

Nancy Ramirez
