

**SEMEN ANALYSIS
INSTRUCTIONS FOR SPECIMEN COLLECTION
PLEASE READ CAREFULLY BEFORE COLLECTION**

**DELIVER TO THE
LABORATORY BETWEEN
7:00 AM – 10:30 AM**

*THIS TEST MUST BE SCHEDULED WITH THE APPOINTMENT CENTER (1-800-328-8542)

1. Please bring your physician order, ID and insurance card with you to your appointment.
2. Abstain from ejaculation for at least 2 but not more than 7 days before your semen analysis appointment unless otherwise requested in writing by your physician.
3. Collection is done by manual masturbation into the special specimen collection container obtained from our outpatient laboratory. Do not use a condom.

* Collection containers may be obtained Monday – Friday 7am – 6pm and Saturdays 8am -3pm at the Royal Oak, Troy, and Dearborn Outpatient Laboratories.

NOTE: If you have difficulty collecting a sample in this manner please call for information about alternative methods.

Troy Outpatient Lab (248-964-6123)
Dearborn Outpatient Lab (313-593-7949)

4. The sample must be delivered to the outpatient laboratory **within 45 minutes** after collection. **For Semen Analysis for Fertility Testing, keep the sample as close to body temperature as possible during transportation to the laboratory.**

* If you live further than 45 minutes away, a sample may be collected on site in a private area at Troy Hospital Area B, or Dearborn Main Laboratory.

5. Upon arrival to the Beaumont Health campus:

Troy - proceed directly to the outpatient laboratory in the main Hospital, Area B.
Dearborn – proceed directly to the laboratory in Dearborn Hospital and Medical Center – Dearborn Medical Office Building, Suite 107.

6. If you are unable to keep your appointment, please notify the Appointment Center at 1-800-328-8542.

SPECIMEN COLLECTION

1. Please wash your hands before collection of specimen
2. Please remember that the specimen is to be collected manually by masturbation; no lubricants may be used. Withdrawal during intercourse is not an acceptable means of collection.
3. Take care not to lose any portion of the specimen during collection as this will affect accuracy of test results. Collect sample directly into the container and cap tightly. Make note of any collection problems.
4. Please write your name and time of collection on the container.
5. Please complete all information on the back of this sheet and bring it, along with your physician order and specimen to your appointment.
6. If you are unable to collect a specimen at this time, do not become alarmed; this is normal. However, you will need to reschedule your appointment.
